

March 20, 2008

Dear Scholarship Selection Committee,

This letter is in recommendation of [REDACTED] for a Health Alliance Scholarship. I have known [REDACTED] for nearly thirteen years, working with her in a variety of settings; as EMT on a 911 ambulance, and in the emergency room where her roles were expanded to unit secretary and critical care technician. She is able to maintain professionalism and focus, even in the most hectic situations.

She has shown exceptional commitment and work ethic in the job setting, and I have been impressed by the fact she brings that same level of commitment to her studies in becoming a nurse. [REDACTED] is a dedicated, ambitious, intelligent, and articulate woman, whose sense of responsibility and compassion never wavers. She has been able to balance her career goals with great family responsibility, including Hospice care of her grandfather while maintaining a high GPA.

It is without reservation I recommend her for this scholarship. She is an asset to any clinical setting, and will be a wonderfully compassionate and competent nurse.

Sincerely,

[REDACTED]

Emergency Department
Health Alliance Leominster Hospital
